International Summer Research Program

ABOUT THE PROGRAM

The International Summer Research Program (ISRP) is a rigorous program that invites students from partner universities to join labs of leading UC San Diego faculty and engage in cutting-edge research.

In addition to gaining valuable research experience, students will have the opportunity to explore San Diego, take part in fun recreational activities, and take graduate preparation courses. At the end of the program, students will present their research at the **2023 ISRP Research Symposium**.

ISRP is open to students of ALL majors!
Visit isrp.ucsd.edu for more information!
