"I feel very comfortable learning as a student at Temple. The main reason is that Temple's faculty is dedicated to creating a better learning environment for their students. The Global Programs office is always responsive whenever students encounter difficulties or problems. They are incredibly nice! My master's program also provides academic assistance whenever needed. These all show that Temple is a school that cares about its students."

Study English with
highly qualified
teachers

I earned my Master's in Education from the University of Pennsylvania and have been teaching English to international students at Temple University since 2010. My enthusiasm for teaching and for connecting personally with each student always makes my classes memorable. I can be seen riding my bike around campus and occasionally challenging students to a game of table tennis in the Student Center.
