學校簡介

Pázmány Péter Catholic University was founded in 1635, also one of Hungary's oldest university. There're six faculties in Pázmány: Faculty of Law and Political Sciences, Faculty of Humanities, Faculty of Theology, Faculty of Canon Law, Faculty of Information Technology and Bionics and Faculty of Teaching. There're also six campuses located in different cities, most of time for student from are the two in Budapest. I heard that the Faculty of Law is one of the most prestigious in Hungary. There's also accommodation for students in Piliscsaba campus, it takes around 30 minutes by train to get to city center, 50 minutes to get to Budapest campus.

國外研修之課程學習(課內)

I chose three lessons in this semester and my favorite one is National Minorities. The teacher focused on the European minorities' issues and asked students to express our own opinions in classes. We talk about it from many different perspectives, for example the definition, what's right now happening in Europe, support from government, how they been supported to achieve social justice, etc. It made the classes become more interesting cause you could get so many unexpected thoughts from people with the different backgrounds, I also found that European does think so differently with Asian, they always gets many creative ideas and of course, they got surprised because of mine as while. In my university life in NSYSU, students don't talk in class at all, we just sitting there and listen to what teacher's saying. To be honest, I prefer the way we took class in Pázmány, sharing our own ideas with others makes me think out of the box. For the final we have to hand in a paper talk about one of minorities' issue in each students' own country. I chose the foreign female spouses from southeast Asia in Taiwan as my topic. Because of this paper I learn so much about this community, like the reasons for the disparity between male and female, I never try to figure out even though I met these people daily. I also found that our government is really well done to this community, they serve so many supports to them and really proud of that.

To be closer to native people and my interesting in learning language, I also took Hungarian class. Teacher taught from alphabet, then some basic daily-use words and sentences, just to made us adapt to Hungary as soon as possible. Two months later, we could order in restaurant, go shopping, asking for directions by our own selves. I think it's necessary to take Hungarian

class cause not every Hungarian can speak in English, it will make you easier to survive in Hungary.

I never took class with foreign student in NSYSU before, also only took one class which was taught in English. At first, it took me some time to adapt to the environment with everything in English. Because of the accent, I couldn't understand what teacher say at all and talking to other students was also a big problem for me. But at the same time, because of this environment I got over these difficulties really fast and it's absolutely one of the specialist experience in my university life.

國外研修之課程學習(課外)

經常在學校或是旅遊時和外國人聊天，大家都對台灣感到好奇，也常被問對於政治議題的看法，例如香港反送中、主權、與中國的關係等。在初期這些問題連用中文回答對我來說都有點困難，除了英文能力不足外，也因為對這些事情只有粗略的理解，並不徹底。但半年下來，不管是兩岸的歷史、政治背景，抑或是我個人的看法等等，現在都能侃侃而談並讓他們理解。除了政治議題外，對於台灣的飲食、文化、宗教、人文等人們也充滿好奇，從交流中學習彼此國家的文化、政治，或是一些日常小事、習慣，於我而言都是很大的收穫。

雖然在大學時期就離開家裡，在生活上也算獨立。但在人生地不熟的歐洲，遇到任何問題都只能靠自己。除了生活技能外，我也覺得自己在危機處理的能力得到大大的提升。跑錯機場、遇到激烈的歧視者、身上沒現金所有卡都不能用、被難民團團包圍要錢、被商家刁難欺騙等等，都能不慌張的求助並想辦法解決。

在課程之餘，我也花了很多時間到處旅遊，造訪了很多地方。除了觀光以外，我也嘗試著融入當地。其中一個我覺得很有趣的體驗就是沙發衝浪，借住陌生人家，深入體驗他們的生活，是非常新奇的體驗。最一開始沙發衝浪只因為想節省旅費，但後來才了解到與那些朋友們所共處的時光與回憶是多麼難得的寶貴經驗。

感想與建議

送出交換計劃申請表大概是大學四年做的最正確的選擇之一，在短短半年時間成長了很多。體驗了不同

的上課方式、與其他學生交流、自助旅遊等都大大的開闊了我的視野。從小就很嚮往歐洲，覺得是很發達先進、充滿美好的地方，一直都滿懷憧憬。直到這次實地在這邊生活之後，確實看到很多美好的事物，但也才讓我發現能當台灣人是多幸福的一件事。出門不用心驚膽戰怕被偷被搶、就算半夜肚子餓也不是問題、在歐洲花了 6000 台幣補蛀牙在台灣 150 元就能解決。台灣的山、海、風景一點都不輸歐洲，而最美的風景就是人，滿滿的人情味總讓人心裡感到溫暖。套句很老的話：我們不是缺少美，而是缺少發現。真的身在他鄉才這樣深刻的體會。很感謝學校提供這樣的機會，讓學生能夠出國交換、體驗、增進國際視野。

文化週介紹台灣。

大家很意外的能夠接受茶葉蛋的香料味，鳳梨酥也很受歡迎。
