

[AI TALENT RECRUITMENT !]
Building a World-class Team of Top AI Talent –
ASUS Robotics & AI Center

Do you dream of developing unprecedented AI technology? Do you aspire to join a world-class engineering team? Are you enthusiastic about creating leading technology products?

The ASUS Robotics & AI Center is a forward-looking R&D lab focused on the exploration of AI software technology. Our multidisciplinary team of the brightest engineers and scientists are dedicated to creating software-focused solutions that will solve some of the most enduring challenges in the fields of robotics and artificial intelligence.

We are looking for like-minded partners in related fields, such as computer science, electrical engineering, and applied mathematics to become part of our team. Join us and let's start a journey of exploring the future of science and technology together!
