

INTERNATIONAL SUMMER UNIVERSITY

German Engineering & Language

TECHNISCHE
UNIVERSITÄT
DARMSTADT

Hessen:ISU
International Summer Universities
in Hessen, Germany

www.isu-hessen.de

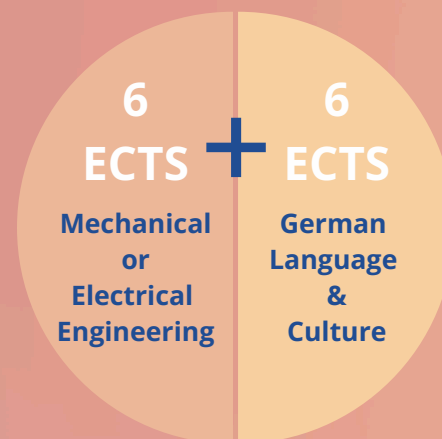

The **International Summer University** at the Technical University of Darmstadt is a unique program that offers undergraduate students in-depth insights into cutting-edge German engineering, strengthens their language skills, and provides an immersive experience of German culture.

Courses:

In this class-based program, you will take courses in Mechanical or Electrical Engineering while also learning German language and culture. All engineering and culture courses are taught in English. A virtual preparatory phase will help you get ready for your stay and studies in Darmstadt.

Mercedes AMG Engine Factory, 2025

2990 €

≈ US \$ 3330
≈ SGD 4310

Partial Scholarships available for
exchange students from partner
institutions!

Eligibility:

Enrolled students with an interest in Mechanical or Electrical Engineering and German language.

Costs include:

Engineering and language courses, intercultural training, company visits, social activities, a public transportation ticket, health insurance, and accommodation.
