TWO CAMPUSES

The **DIJON CAMPUS**, situated in the city center and well-connected by public transport, underwent renovation in 2017. This modernized campus aims to provide an enriching, top-notch student life that prioritizes the student experience and caters to innovative teaching methods and collaborative work environments.

LYON CAMPUS, situated in Lyon's 8th arrondissement, provides the convenience and adaptability of a coworking space. Established in 2016, it recently underwent a remarkable transformation and expansion in 2021, introducing state-of-the-art facilities for our students.

Authentic Leadership

“ Leadership is not reserved to
selected people!
EVERYONE can be a leader! ”

Program highlights

Dates: Monday, July 1st to Friday, July 5th

Credits: 4 ECTS for 25 teaching hours – 5 hours per day

Location: BSB Dijon campus, 29 rue Sambin, 21000 Dijon

- **Innovative learning approaches** beyond traditional leadership theory that encourage authenticity, action, and the courage to seek one's true leadership identity.
- Official **Process Communication Model** (PCM) test included in the program
- The **Emergence Play** (The King's & Queen's Play), leadership training method created by the French therapist Dominique Vincent allowing individuals and groups to develop their internal and external leadership skills – in order to 'lead' their life and other people in a most fulfilling way.
- One-day **outdoor adventure** to put new skills into action
- Extracurricular cultural activities every day.

What will you learn?

The program allows students to develop their personal leadership potential and better access their potential in their professional and personal life.

It has a strong focus on **personal development** and **soft skills**. It aims to stimulate people-centered leadership based on students' awareness of their personal strengths, morals and unique qualities. We will also build on the group dynamic to create an environment where students can learn from each other through in-depth interactions and discussions.

- Become aware of your unique leadership qualities and areas of Improvement.
- Be an authentic and people-centered leader.
- Understand your personality using the unique process communication model (PCM).
- How to respect your and other peoples' psychological needs to diminish stress and communicate successfully.

Program organization

Day 1: Introduction & Process Communication Model I

Understanding my personality profile; increasing efficiency of my communication.

Day 2: Process Communication II & Co-active leadership

Second gear: understanding my psychological needs, managing interaction difficulties & strengths; understanding the multiple dimensions of how to lead.

Day 3: Systemic leadership tool: The Emergence Play

Understanding the deeper connection between me and my team; learning the keys to keep evolving as a leader.

Day 4: Outdoor team leadership & debriefing

During this day, predefined teams will complete several outdoor challenges to learn about their team leadership abilities. The day will end with a debriefing by the lake.

Day 5: Reinventing organizations

Putting my learning into a bigger & future perspective: Concretely, how can I help my organization evolve? How can I make use of my strengths as a leader?

Program assessment

1. **Learning & leadership diary** (individual assignment)
A report on my learning journey as a leader throughout the program.
2. **Team assignment**
A team poster: Based on the outdoor experience.

- Local **real-life company mission**
- Coach with **10-years of international consulting experience**.
- Extracurricular cultural activities every day.

What will you learn?

There is no problem without a context! If we take the time and effort to explore it, the real problem will appear together with the best possible solution/s. **Human Centered Design Thinking** (HCDT) is an innovation method that makes an essential 'detour' called EMPATHY to explore the needs of people involved in a problem, or capable of providing inspiration to solve the problem before jumping to the solution of the problem. During this program "Human Centered Design Thinking" will be applied to a local real-life company mission.

- Look beyond the surface of a problem and identify its real sources.
- Take an authentic and empathy-based perspective on a problem.
- Engage creatively with one's environment.
- Select, create and use qualitative research methods for innovation purposes.
- Select and apply creativity techniques appropriately.
- Generate powerful and innovative solutions.

Program organization

- Day 1:** Introduction to Design Thinking & Presentation of the Company Mission.
- Day 2:** Research - Understanding the Problem through the lenses of Empathy.
- Day 3:** Analysis - Putting together all pieces of the puzzle.
- Day 4:** Creative Problem solving & Prototyping.
- Day 5:** Testing & Presenting the solutions to the Company

Program assessment

- 1. HCDT diary (individual assignment)**
A 2-page report (1000 words max) on my learning journey as a design thinking consultant throughout the summer school.
- 2. Team presentation (Day 5, team assignment)**
Oral presentation to the company (documented in form of a ppt presentation).

Who can apply?

Prerequisites:

- Undergraduate and postgraduate students from any discipline.
- Open mindedness towards innovative learning approaches and action learning.
- Solid English language level and sufficient social skills to connect with students from different countries and disciplines.
- A basic level of personal maturity to embrace the level of introspection and personal development that is part of the program.
