

Upcoming Program

FROM JAPAN TO THE FUTURE: AI, DATA SCIENCE & ROBOTICS

Hello, Innovation Seekers — Welcome to Osaka!

RDSP goes beyond academics, offering opportunities to live on campus, connect with Ritsumeikan students, and engage with technology, culture, and a diverse global community.

-  Artificial Intelligence
-  Data Science
-  Robotics
-  Machine Learning
-  NLP and Smart Systems
-  Exchange with Ritsumeikan Students

Examples of Offerings (based on last year's offerings and are subject to change.)

- How to Make a Snake Robot
- AI-Driven Time Series Forecasting
- Participatory Sensing
- Foundations of Machine Learning
- Introduction to Research in NLP and Text Mining

Cultural Exchange with Ritsumeikan Students

(based on last year's offerings and are subject to change.)

- Tea Ceremony Experience
- Field Hockey Experience
- AI Learning Experience at Microsoft Base Ritsumeikan

Eligibility

Must be enrolled in an undergraduate, graduate, or PhD program during the entire program period.

Program fee

JPY 120,000 + JPY 5,000 service fee

Accommodation is not included in the above fee.

Don't miss our new program!

Ritsumeikan

Data Science Program (RDSP)

DECEMBER 15 - DECEMBER 21

APPLICATION PERIOD:

SEP 1 - SEP 30, 2026

Applications close when full.

2026

Student Voice

*" They have a really nice campus with **great labs and places to work**. The staff was always willing to teach us **not only about Data Science but also about Japan and Japanese culture**. It was a pleasure to come."*

from our 2025 program
