

學校簡介

根特大學是大學城，基本上各個校區都坐落在根特這個地方，校區並不集中，會需要騎腳踏車或坐公車，我自己因為太晚申請宿舍，被安排到利離市中心較遠的地方，因此我都是搭公車去上學的。根特的醫學院旁也有附設的醫院，課程的難度基本上是可以應付的，前提是得聽得懂英文。學校的各校區通常都有附設餐廳，供學生下課後可以就近吃飯，最近有調漲價格。

國外研修之課程學習（課內），另外推薦受益最多/最喜歡的課程

課程部分，基本上內容並不難，加上有一個月的時間可以準備期末考，所以能不能順利通過的關鍵是英文能力，像我自己英文能力普通，上課內容無法馬上理解，必須得在自己的休息時間上網查詢閱讀。我認為在這裡選擇需要團體合作的課程會比較適合，除了可以認識朋友，也比較容易過這門課程。我推薦Project management，雖然我從來沒學過相關的東西，但老師教得很好，我學到很多。

國外研修之生活學習（課外）

課外時，我通常會出去閒晃，我也利用了復活節兩個禮拜的假期去其他國家玩，歐洲的交通工具很多，火車、巴士、飛機、電車、地鐵等等，去哪裡都方便，唯一得注意的是交通票越早買越好，如果你前一天才買，票價會很貴。

交換/研修之具體效益（請條列式列舉）

- 1.開闊自己的眼界
- 2.了解不同文化如何相處
- 3.學習自己在異地生活的能力
- 4.其他非英語語言的進步

海外生活期間是否曾遭遇困境，及是否解決問題?如是，請說明如何解決問題;如未解決，請說明事件最大的啟發及思考未來可以怎麼解決?

大概是受傷需要看醫生吧，他們的醫療文化跟台灣不一樣，後來解決的辦法是上網去市政廳的網站搜尋醫院。

海外生活期間是否曾遭遇文化衝擊，您如何去面對及適應?

大家說話比較直接，前幾次有被冒犯到的感覺，後來跟她們溝通，就沒這問題了。

海外生活歷練是否為您人生帶來不一樣的改變或者個人特質上的轉變，最大的成長是什麼?

了解到怎麼跟不同文化的人溝通、合作。

您認為獎學金對您海外研修最大的幫助是什麼？有無獎學金是否會改變您的出國計畫？

可能是負擔機票費用吧，沒有獎學金的話可能就不會去。

感言及心得感想

剛開始到異地會比較陌生，但其實不需要擔心，因為都可以用google translate解決很多事情，而且只要勇敢問問題，大部分的人都很樂意幫忙，像是我第一天到那，才發現我的宿舍在另外一頭，當時拖著厚重的行李，向別人詢問宿舍地址，以及如何到達，坐上了公車，抵達宿舍。雖然剛開始都很累，但大約一個禮拜就習慣了，尤其是google map和google translate一定要會用，除非你想徒步。而我在超市裡學到了很多荷蘭文，但當地的店都在晚上7、8點關門，禮拜日通常整天不營業，所以很多事情都要提早準備，然後就是體驗生活吧，很多跟台灣不一樣的地方可以感受。

英文心得(包含學校簡介、課程學習、生活學習、具體效益、心得感想等等)

Ghent University is a university town, basically all campuses are located in this place of Ghent, the campus is not concentrated, you will need to ride a bicycle or take a bus, I myself because I applied for the dormitory too late, I was arranged to be far from the city center, so I took the bus to school. There is also an attached hospital next to the medical school in Ghent, and the difficulty of the course is basically manageable, provided that you can understand English. Each campus of the school usually has a cafeteria for students to eat nearby after class, and the price has recently increased.

The course part, basically the content is not difficult, plus there is a month to prepare for the final exam, so the key to successfully passing is English ability, like my own English ability is ordinary, the content of the class can not be understood immediately, you must check and read online during your own break. I think it would be more suitable to choose a course that requires group cooperation here, in addition to meeting friends, it is easier to pass this course. I recommend Project management, although I have never learned anything about it, the teacher taught it very well and I learned a lot.

Outside of class, I usually go out to hang out, I also use the Easter two-week holiday to go to other countries to play, there are many means of transportation in Europe, trains, buses, planes, trams, subways, etc., it is convenient to go anywhere, the only thing to note is that the sooner you buy the transportation ticket, the better, if you buy it the day before, the ticket price will be very expensive.

1. Broaden your horizons
2. Understand how different cultures get along
3. Learn your ability to live in a different place
4. Advancements in other non-English languages

At first, it will be relatively unfamiliar to go to a different place, but in fact, there is no need to worry, because you can solve a lot of things with Google Translate, and as long as you are brave enough to ask questions, most people are happy to help, such as the first day I arrived there, only to find that my dormitory was at the other end, dragging heavy luggage, asking others for the address of the dormitory, and how to get there, got on the bus, and arrived at the dormitory. Although I was tired at first, I got used to it in about a week, especially Google Map and Google Translate, unless you want to hike. And I learned a lot of Dutch in the supermarket, but the local shops close at 7 or 8 pm, and they are usually closed all day on Sundays, so a lot of things have to be prepared in advance, and then it is to experience life, many places that are different from Taiwan can be felt.
