修習課程 Areas of study available	<p><b>1) Intensive Japanese Language (IJL) track</b></p> <p>Created in 1988, the Intensive Japanese Language Track has a long history of providing high-quality, intensive Japanese language instruction to international students. Class sizes are kept small, between 10-15 students, allowing our experienced instructors to cater to the needs of each student individually.</p> <p>IJL offers well balanced language skill courses in listening, speaking, reading, and writing at a variety of levels from Introductory to Advanced. Students without any previous experience with the Japanese language can enroll. Students enrolled in the IJL Track may also take courses offered in English through the Open Study in English Track and Business Track.</p> <p><b>2) Open Study in English (OSE) Track</b></p>

	<p>Open Study in English (OSE) courses cover a wide range of subjects, from Asia-Pacific studies and economic development to contemporary Japanese culture, providing a multi-disciplinary approach and bringing global perspective to international studies. Participation is also open to Japanese students and students from the Global Studies program, creating a truly international setting that facilitates international exchange between students. Taught entirely in English by distinguished professors, OSE allows you to study in Japan while earning credits in your field of study without the hurdles of a language barrier. You may also supplement your studies with courses from the Business Track.</p> <p>* Students enrolled in the IJL Track and Business Track may also supplement their Japanese studies with courses offered through the OSE Track.</p> <p><b>3) Business Track</b></p> <p>Launched in 2009, the Business Track features a fascinating combination of courses offered by the College of Business Administration. Instruction is held entirely in English, giving you a first-hand, insider's look at business in one of the world's largest economies. The program offers you a unique opportunity to study business with an international and intercultural perspective as you study alongside your fellow students from around the world. As a Business Track student, you are also eligible to take courses from the OSE class offerings in English by other faculties at RU. The Business Track and the Faculty of Business Administration are located at the Osaka-Ibaraki Campus.</p> <p>* Students enrolled in the IJL Track and OSE Track may also supplement their studies with courses offered through the Business Track.</p>
